

HOSPITALITY SPECIALISTS

“SKS worked with us to provide the daily, weekly and monthly reports saving me time and making my management decisions much simpler.

They were also able to integrate their systems with mine. I would highly recommend them.”

Brian Hannon
Super 8 Restaurants

SKS, a group of chartered accountants, work with many restaurants, pubs and bars across the UK. It's a sector in which we specialise and have developed in-depth experience.

That's why we've invested time and money in developing cost-effective tools and reports that assist profit growth, with a particular focus on software integration that provides you with real-time reports. This combined with our hybrid UK/India model means that you receive accurate reports on time – and at more cost effective fees.

You can rest assured that by working with us you will be in safe hands, with a dedicated account manager that will help make our working relationship a success.

Our core services include:

Full Bookkeeping Services - including supplier payment setup

Weekly / Monthly Management Accounts - per unit & consolidated

System & Software Integration

Cash Flow Forecasts

Financial Modelling for growth or funding

Scanning

VAT

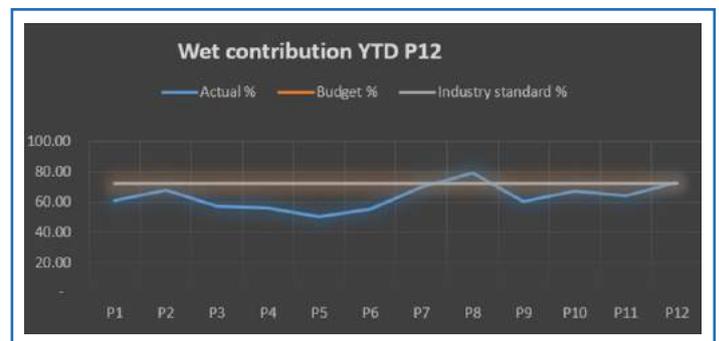

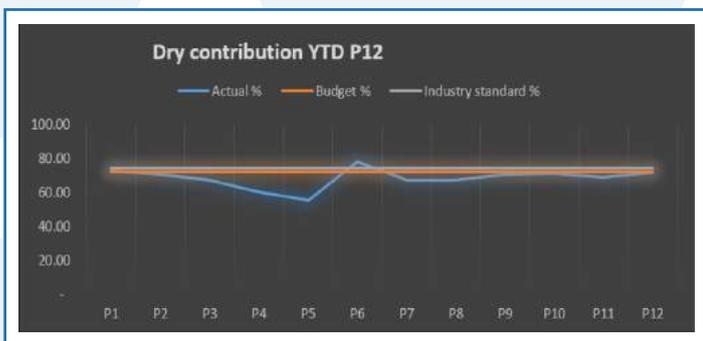

Payroll & Tronc

Year-End Accounts

Personal Tax

“We started with the SKS Group in 2018. Having operated various different financial formats including in-house and external. We worked together to create simplified auditable financial reporting that provides me cost-effective information to assist my business decisions. We have grown from 1 to 5 units across the south coast in that time. Firstly the award winning Zim Braai and then chic thai NUSARA. SKS have proved reliable in getting me the right figures in a timely manner.”

Andy Lennox

“Having been a director of Mitchells & Butlers running 400 sites and food director at Selfridges, I was used to having amazing management and financial information.

We set up Super 8 on the same basis. I went out to the market and sought the SKS group, meeting Sanjay and Anil and decided these were the ideal partners. They were not just an accountancy firm that provides accounts, they would give me all the restaurant sector KPI reports I needed.

We’ve joined over 4 cloud based systems - our EPOS, labour, inventory management and our booking systems. The team at SKS, have knitted these, to measure all of the key performance indicators on a daily basis, weekly and periodic basis. That gave us a great foundation to go to the bank and raise funding towards a second venture KILN. The SKS team played a key part in that fundraise through a solid pack of information.

KILN then went on to win the number 1 restaurant in the UK in the National Restaurant Association Awards, which was an amazing achievement for the whole team. We then opened up Smoking Goat in Shoreditch, followed by Brat the year after.

So we’ve ended up with a world-class finance function but not at ‘world-class’ level prices, which has really enabled us to grow as a business.”
